

U. S. Steel Košice, s.r.o.
A Subsidiary of United States Steel

Supplier's Declaration of Conformity

(according to ISO/IEC 17050-1)

No. 10/2023

Contractor: U. S. Steel Košice, s.r.o.

Address: Vstupný areál U. S. Steel
044 54 Košice
Slovak Republic

Product: Cold Reduced Tinmill Products - Electrolytic Tinplate

The product is in conformity with the document:

EN 10202/2001+AC/2003 - Cold reduced tinmill products – Electrolytic tinplate and electrolytic chromium/chromium oxide coated steel

EN 610 - Tin and tin alloys – Ingot tin

In addition: The tin anode quality used for tinning is 99.85% and the concentration of lead in the tin is < 100 ppm (mg/kg)

No. **94/62/EC** Directive of the European Parliament and of the council of 20 December 1994 on packaging and packaging waste

In addition: The sum of heavy metals: Pb, Hg, Cd, and Cr⁶⁺ is restricted to 100 ppm.

No. **1935/2004** Regulation of the European Parliament and of the council on materials and articles intended to come into contact with food

All the input raw materials and produced heats are checked on the radioactivity.

The maximum allowed weight activity limit for heat samples in USSK is 0.1 kBq/kg. No heat is allowed to exceed this limit, otherwise it cannot be processed in the subsequent metallurgical process.

The supplied material doesn't contain allergens.
